**INTRODUCTION**

This brochure is a brief description of the International Accident and Sickness Medical Expense Benefits for international students in F-1 or J-1 status attending Fordham University. The exact provisions governing the insurance are contained in the Master Policy issued to the University. The Master Policy shall control in the event of any conflict between the policy and this brochure. Any provision of the Policy or the brochure, which is in conflict with the statutes of the state in which the Policy is issued will be administered to conform with the requirements of such state statutes.

The insurance evidenced in this brochure provides limited benefits health insurance only. It does NOT provide basic hospital, basic medical, major medical insurance, Medicare supplement, long term care insurance, nursing home insurance only, home care insurance only, or nursing home and home care insurance as defined by the New York State Insurance Department.

The Insurer suggests that you retain this brochure so you will have a ready reference to the benefits of the Plan.

**POLICY TERM**

Annual coverage begins at 12:01 AM on August 23, 2009, and continues until 12:01 AM on August 23, 2010. Coverage ends at 12:01 AM on January 1, 2010, for those students not returning for Spring Semester.

**COST OF INSURANCE**

The annual cost for the Student Accident and Sickness Insurance Plan is:

8/23/2009 to 8/23/2010

|                                  |             |

| Additional for Spouse.....       | \$ 2,271.00 |
| Additional for Child (Each)..... | \$ 1,876.00 |

**ELIGIBILITY**

A registered international student in F-1 or J-1 status, while enrolled at the University is automatically provided Accident and Sickness Expense coverage for the semester for which he/she is attending classes.

■ **Waiver**

Those who have comparable coverage under a family policy may request that the University waive enrollment in the plan by completing the online insurance waiver process. You will be required to deliver a copy of your policy (in English) to the International Services Office within 5 working days of your online waiver request.

Waivers must be completed by September 15, 2009. Students who are waived from enrollment for Fall Semester will automatically be waived for Spring Semester. Students who are waived from enrollment for Fall Semester may enroll for Spring Semester by contacting the International Advisor's Office by December 22, 2009.

**DEPENDENTS**

Students enrolled in the Student Accident and Sickness Insurance Plan may also enroll their dependent children (up to and including 19 years) or spouses who reside with the Insured Student. Dependents must enroll by September 15, 2009 for Fall Semester and February 26, 2010 for Spring Semester.

■ **Newborn Coverage**

Coverage for newborn children will consist of coverage for Accident or Sickness (if the student is covered for Sickness), including necessary care or treatment of congenital defects, birth abnormalities, or premature birth. Such coverage will start from the moment of birth, if the Insured Student is already insured for dependent child coverage when the child is born. If the Insured Student does not have dependent child coverage when the child is born, the Insurer covers the newborn child for dependent benefits for the first 31 days from and after the moment of birth, or any minor child placed with an Insured Student for adoption for dependent benefits for the first 31 days from and after the moment the child is placed in the physical custody of the Insured Student for adoption. To continue the newborn child's dependent benefits past the first 31 days, the Insured Student must complete the Enrollment Form and pay the necessary premium within 31 days of the child's birth. Contact Collegiate Insurance Resources for an Enrollment Form and pro-rated rates.

**PREMIUM REFUND POLICY**

Except for medical withdrawal due to a covered injury or sickness, any student withdrawing from school during the first 30 days of the period for which coverage is purchased shall not be covered under the policy and a full refund of the premium will be made. Students withdrawing after such 30 days will remain covered under the policy for the full period for which premium has been paid and no refund will be available.

Insured Persons entering the Armed Forces of any country will not be covered under the policy as of the date of such entry. A pro-rata refund of premium will be made for such person upon written request received by the Company within 90 days of withdrawal from school.

## **OTHER COVERAGE OPTIONS**

Insured Students (and their Insured Dependents) who are not eligible to re-enroll in the Student Accident and Sickness Insurance Plan after coverage expires should contact Collegiate Insurance Resources for possible options prior to the expiration date under the Student Insurance Plan. Students in need of specialized coverage should contact Collegiate Insurance Resources for possible options.

## **ENROLLMENT PERIOD**

Students and their eligible dependents wishing to purchase benefits must enroll during the open enrollment period at the beginning of the Fall Semester. The Spring Semester open enrollment period is available only for new students first entering the University for the Spring Semester. Late enrollment is considered only if a change has occurred in your insured status regarding coverage that was in-force during the open enrollment period. Late enrollment must be completed within 30 days of the termination of other coverage. Contact Collegiate Insurance Resources for rates and forms.

## **TERMINATION OF INSURANCE**

Benefits are payable under this policy only for those expenses incurred while the policy is in effect as to the Insured Person. No benefits are payable for expenses incurred after the date the insurance terminates for the Insured Person, except as may be provided under Extension of Benefits.

## **EXTENSION OF BENEFITS**

If an Insured Person is hospital confined on the date his or her insurance terminates, expenses incurred for such confinement will be payable in accordance with the policy. Such expenses must be incurred during the 90 day period following the Insured Person's termination of insurance.

## **PRE-EXISTING CONDITION**

A "Pre-existing Condition" is a Sickness, Injury, or related condition for which medical advice, diagnosis, care or treatment was recommended or received by a Doctor during the six consecutive months prior to the effective date of the Insured Person's coverage under this Plan.

The Pre-existing Condition Waiting Period is twelve months. Coverage will not be provided for a Pre-existing Condition until the waiting period has elapsed. The Pre-existing Condition Waiting Period applies to all persons covered under this Plan and begins on the Insured Person's effective date.

If an Insured Person receives treatment or service for a Pre-existing Condition: (a) the Insurer will not pay benefits for such condition until the day after a twelve (12) consecutive month period has passed from the Insured Student's effective date; (b) with respect to a pregnancy, the day after a ten (10) consecutive month period has passed from the Insured Person's effective date; and (c) the Insurer will pay only for Loss or Expense incurred after such twelve (12) consecutive month period or ten (10) consecutive month period with respect to pregnancy. A period of Creditable Coverage will be credited if the previous Creditable Coverage was continuous to a date not more than sixty-three (63) days prior to the effective date of the new coverage. Payment will be in accord with the provisions of this Plan. If the Insured Person has a lapse in coverage exceeding sixty-three (63) days, the Pre-existing Condition Waiting Period will have to be satisfied again.

### ■ **Creditable Coverage**

This term means the following coverage an Insured Person had prior to the Effective Date under this Plan: (a) a group health plan; (b) health insurance or Health Maintenance Organization coverage; (c) Medicare; (d) Medicaid; (e) Military health care; (f) a medical care program of the Indian Health Services or of a tribal organization; (g) a state health benefits risk pool; (h) a health plan offered under the Federal Employee Health Benefits Program; (i) a public health plan as defined under Federal regulations; (j) a health benefit plan under Section 5 of the Peace Corps Act; or (k) any other similar coverage permitted under State/Federal law or regulations.

### ■ **Exceptions**

The Pre-existing Conditions exclusion does not apply to any of the following: (a) genetic information, in the absence of a diagnosis of a condition related to such information; (b) a covered newborn dependent child who, as of the last day of the 31-day period beginning with the date of birth, is covered under Creditable Coverage; or (c) a covered adopted dependent child under the age of 18, who, as of the last day of the 31-day period beginning on the date of adoption or placement for adoption, is covered under Creditable Coverage.

## OUTPATIENT PRESCRIPTION DRUGS

After a co-payment of \$5 for generic or \$10 for a brand name drug (per prescription), the cost of prescription drugs is payable in full, up to \$1,250 for the policy year. Prescriptions must be filled at a Medco Participating Pharmacy. Insured Persons will use their insurance ID card to show to the Pharmacy as proof of coverage.

A list of participating pharmacies is available online at [www.medco.com](http://www.medco.com) or by calling Medco at 800-400-0136. You will need the Group Number and Member Number printed on the card.

Home Delivery Pharmacy Service is available for medication taken to treat ongoing health conditions. Instructions on how to order will be included with your insurance ID card.

Before going to the pharmacy make sure you have an up-to-date copy of your insurance ID card. If you enrolled online by September 15, 2009 for Fall Semester and/or February 26, 2010 for Spring Semester a copy of your ID card can be obtained at [www.Fordham.edu/OIS](http://www.Fordham.edu/OIS).

If you did not enroll online and you do not have a copy of your insurance card and you need to have a prescription filled, go to any pharmacy, pay for the medication in full and save the receipt. Your insurance ID card will include instructions on how to file for reimbursement for prescriptions filled before you received your card. Reimbursement will be at the Medco contracted discount rate and will be less than the rate charged by the pharmacy.

## BEECH STREET NETWORK

Persons insured under this plan may choose to be treated within or outside of the Beech Street Network. Beech Street consists of hospitals, physicians, and other health care providers organized into a network for the purpose of delivering quality health care at affordable rates. As part of the student health insurance program, an arrangement has been negotiated with the Beech Street Network to treat insured students for a reduced fee over the customary fees of non-Network Providers. Reimbursement rates will vary according to the source of care as described under the Plan Summary herein.

In order to use the services of a participating provider, you must present an Identification Card which is mailed to all students insured under the optional benefits of the plan.

Assignment of a network physician does not guarantee eligibility or right to student health benefits. Providers may be periodically added or deleted as participants in the provider organization. **It is the insured's responsibility to verify that a provider is a Participating Provider prior to services being rendered.**

A list of participants is available at the Student Health Center. Students can also call Beech Street at 1-800-432-1776, a toll-free service, operating Monday through Friday, 8:00 a.m. to 8:00 p.m., or access Beech Street on the World Wide Web, [www.beechstreet.com](http://www.beechstreet.com).
